GUERRILLA 450

MORE GRRRIP.
MORE GRRR.

The Guerrilla 450 Apex is here. A lean, mean cornering machine recalibrated for urban geometry—with a torquey 40PS x 40Nm x 452cc engine, a more committed handlebar, and road-biased tyres that grip like nothing else.

RIDE. LEAN. REPEAT.

A more committed, forward-leaning ergonomic triangle on the new Guerrilla 450 Apex sharpens front-end feel, and keeps the motorcycle dynamic and dialled in for every corner.

ALL-NEW STANCE

A sporty front cowl, updated ergonomics and detachable rear cowl give the Guerrilla 450 Apex a tighter, more aggressive look—making sure you turn heads at every turn.

GRIP THE GRID

The grip on the Guerrilla 450 Apex just doesn't quit. Its 17" Vredestein Centauro ST+ tyres are the widest and stickiest in the category, letting you carve every corner with confidence.

UPDATED RIDING MODES

Switch moods, switch modes with two new riding modes: Sport and Street. Toggle between both with ease, courtesy of the Guerrilla 450 Apex's digital dashboard.

SUSPENSION BY SHOWA

With 140mm of front travel and a 145mm rear monoshock, the Guerrilla 450 Apex is hardwired to handle anything the road might throw at you.

TORQUE ON TAP. GRRROWL WITH GRIP.

The iconic 452cc, liquid-cooled Sherpa engine delivers 40PS and 40Nm, landing punchy power across the rev range, even as low as 3000 RPM—perfectly matching the Guerrilla 450 Apex's sharper stance and corner-hungry grip.

TRIPPER DASH

Maps, music, messages and more—all in one place. The Apex's Tripper Dash keeps you on track and in the know, no matter where the ride takes you.

TECHNICAL SPECIFICATIONS

ENGINE

Type	Liquid cooled, Single cylinder, DOHC, 4 Valves
Bore x Stroke (in mm)	84 mm x 81.5 mm
Displacement	452cc
Compression Ratio	11.5:1
Maximum Power	40.02PS (29.44kW) @8000 rpm
Maximum Torque	40Nm @5500 rpm
Idle RPM	1300
Starting System	Electric start
Lubrication	Semi-dry sump
Engine Oil Grade	10W40 API SN, JASO MA2, Semi Synthetic
Clutch	Wet multiplate, Slip & assist
Gearbox	6 speed
Fuel Injection	Electronic Fuel Injection, 42 mm Throttle body, Ride by Wire System

DIMENSIONS & WEIGHTS

Wheelbase	1440 mm
Ground Clearance	169 mm
Length	2090 mm
Width	855 mm
Height	1095 mm (without mirrors)
Seat Height	780 mm
Dry Weight	174 kg
Kerb Weight (90% Fuel + Oil)	185 kg
Payload with Standard Equipment	191 kg
Fuel Capacity	11 L

TECHNICAL SPECIFICATIONS

CHASSIS & SUSPENSION

Type	Steel twin spar frame, using engine as stressed member
Front Suspension	Telescopic forks, 43 mm
Front Wheel Travel	140 mm
Rear Suspension	Linkage type mono-shock
Rear Wheel Travel	150 mm
