CHASE THE CLOUDS

Less city, more horizon. Upgrade your views with the striking new range of Meteor 350s. Cruisers inspired by the shades of the sky. With its classic contours and timeless design cues, the Meteor is a thoroughbred cruiser, handling the open highway and the challenges of urban life with equal ease.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

AT THE HEART OF IT

At the heart of the Meteor is the J series air-oil cooled, 349cc, SOHC engine with a characteristic long stroke, producing smooth tractable power and plenty of bottom-end torque. The electronic fuel injection (EFI) system provides steady power delivery right from the start, staying consistent throughout the rev range, ensuring a unique performance. Continuing the legend of the easy singles, the new engine thrums with a beat that is distinctively Royal Enfield.

CRAFTED TO CRUISE

With its enhanced chassis setup, accessible riding position, advanced braking ability, high specification suspension and responsive power delivery, the Meteor 350 is built to take you as far as you want to go. Its agile, light handling is a result of hours of testing and development, culminating in a chassis that is stronger, stiffer and more durable without compromising on rider comfort. A 1400mm wheelbase and 765mm seat height, makes for an accessible and confident riding position, while the larger front disc with floating caliper and twin pistons, coupled with front and rear Dual-Channel ABS, promise ample control, even in emergency braking situations.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

LOW, COMFORTABLE SEAT

Low-set, wide seat with a padded backrest makes all-day cruising an easy and comfortable experience for both, the rider and the pillion.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

LED HEADLAMP

An all-new headlamp combines old-school aesthetics with modern LED lights to reduce power usage while increasing visibility, no matter where you're headed.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

TWIN DOWNTUBE SPINE FRAME

The Meteor 350's twin downtube spine frame has been designed for better cornering, easy manoeuvrability and enhanced stability, at all speeds.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

DIGI-ANALOG INSTRUMENT CLUSTER

A retro-inspired, digi-analog instrument panel with a floating LCD screen and built-in Tripper navigation delivers all the information you need, day or night.

ROYAL ENFIELD

ROYALENFIELD.CO.KE

ALLOY WHEELS WITH TUBELESS TYRES

Wide rear tyres ensure improved traction while the dual-channel ABS gives the rider the confidence to go on long rides without worries.
